Timeline of the Family Movement in Children's Behavioral Health

In 1982, Jane Knitzer published **Unclaimed Children: The Failure of Public Responsibility to Children and Adolescents in Need of Mental Health Services** thus setting in motion the children's mental health movement and the rise of the family and youth movements.

CASSP 1984 O			Research and Training Center	
In 1984, Congress funded the Child & Adolescent Service System Program (CASSP). Initially, the program did not address family issues, By year two an additional goal was added to develop family input into the planning and development of service systems, treatment options and individual service options.			CASSP and the National Institute on Disability and Rehabilitation Research (NIDRR), established the first Research and Training Center on Family Support and Children's Mental Health at Portland State University.
